

At 1345 we had complete power loss at DTA. We are unable to dump or load until we get the terminal back online. We have municipal water and the water trucks so the plan is to use best judgement and mimic Kinder Morgan Pier IX Rainbird cycle timing to suppress dust on piles and roadways. I'll let you know as soon as we come back online but at this point we don't know when that may be and it could potentially be days.
